Assistant Professor of Teaching, Mathematics

(Officially known as Lecturer with Potential Security of Employment)

University of California, Riverside

The Department of Mathematics invites applications for an Assistant Professor of Teaching, Mathematics (LPSOE), beginning June 30, 2016. The position parallels the tenure-track faculty series and will involve instructing and developing the department’s first year mathematics program. A PhD in mathematics and demonstrated excellence in teaching is required. Experience with curriculum development, innovation in teaching and educational grant writing is desirable.

The duties of the Assistant Professor of Teaching position in Mathematics will consist of: 6 courses per year of lecture instruction as assigned by the chair, and the direction of the Precalculus/First Year of Calculus program (including instructional pedagogy development and improvement, textbook evaluation and selection, TA training, etc.). The successful candidate will be expected to develop curricula and instructional initiatives, including development of extramural instructional/education grant proposals in consultation with other faculty. Publication of pedagogical innovations, assessment methods, or original mathematics in high-quality peer-reviewed journals will be encouraged.

Applicants should log on to mathjobs.org to submit their curriculum vitae, including a description of their background in education, their academic experience, a list of publications, diversity statement and a minimum of 3 letters of recommendation. Evaluation of applications will begin on March 1, 2016 and will continue until the position is filled. University regulations and laws concerning confidentiality govern all letters of recommendation (see Academic Personnel Manual 160 – http://www.ucop.edu/academic-personnel/_files/apm/apm-160.pdf).

The University of California is an Equal Opportunity/Affirmative Action Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, age, disability, protected veteran status, or any other characteristic protected by law.

Advancement through the faculty ranks at the University of California is through a series of structured, merit-based evaluations, occurring every 2-3 years, each of which includes substantial peer input.

UCR is a world-class research university with an exceptionally diverse undergraduate student body. Its mission is explicitly linked to providing routes to educational success for underrepresented and first-generation college students. A commitment to this mission is a required qualification.
