

Differential Geometry Seminar
Fall 2008 – Y. S. Poon
Every Friday, 11:10am to 12:00pm at Surge 284

- Oct 03. Daniel Guan, UC Riverside
Title: “Slope stability and almost homogeneous manifolds”
- Oct 10. Owen Dearnicott, UC Riverside
Title: “A 7-manifold with positive curvature: Prelimaries”
- Oct 17. Owen Dearnicott, UC Riverside
Title: “A 7-manifold with positive curvature”
- Oct 24. Daniel Guan, UC Riverside
Title: “To be announced”
- Oct 31. Daniele Grandini, UC Riverside
Title: “To be announced”
- Nov 07. Vasily Dolgushev, UC Riverside
Title: “Mixed Hodge structures”
- Nov 14. Gabriela Ovando, Rosario, Argentina (tentative)
Title: “Geometry of solvmanifolds”
- Nov 21. Richard Cleyton, Berlin, Germany (tentative)
Title: “The geometry of Riemannian manifolds admitting a metric connection with parallel torsion”
- Dec 05. Rafael Herrera, CIMAX, Mexico (tentative)
Title: “Almost quaternionic manifolds and rigidity”
